

## **Find Your New Career Direction: A Seven Session Programme for Career Changers with The Career Coach ([www.thecareercoach.co.uk](http://www.thecareercoach.co.uk))**

Feeling stuck in your career? Have you thought of finding a new job elsewhere, but know deep down you're looking for a complete change, something that reflects who you have become rather than the person you used to be?

Being stuck in a career you hate is tough. Harder still is the loss of confidence in yourself it brings, and a sense of helplessness, because you don't know where to begin to move to a better career.

**In working with me Ros Toynbee, you will find a new, satisfying career which is a perfect fit for you, one which inspires and energises you and gives you the recognition, rewards and development/progression you seek... improving your confidence and helping you feel proud of your career once more.**

**My "Find Your New Career Direction: A Seven Session Programme for Career Changers" Package will show you exactly how to:**

- Recognise your strengths and play to them in your career
- Clarify what's most important to you in your career (and your life) now
- Generate new potential career ideas and opportunities
- Critically assess which career options will be most enjoyable and viable for you (which could include past ideas you've overlooked or were too afraid to implement)
- Create a new compelling vision of your future career (and life)
- Design a strategic action plan plus an energising 90 day "next steps" plan, so you're clear about exactly what you need to do by when to fulfil your new career direction.
